

Sleeping Well: The Drug-free Way

By Beth MacEoin

Wellhouse Publishing Ltd. Paperback. Book Condition: new. BRAND NEW, Sleeping Well: The Drug-free Way, Beth MacEoin, Good, restful, sleep is an important part of your total health, sufferers from sleep problems would give a lot for a good night's rest. There is no uniform pattern to sleep problems, a great deal depends on an individual's make-up. A poor night's sleep is often due to the fast, stressful pace of life that has now become normal, positive steps to manage stress need to be developed or a tense, wound-up state of mind results. Sleep problems include difficulties in switching off, frequent waking and a sense of being unrefreshed on waking. Other contributory factors include over-reliance on caffeine, alcohol or chemical sedatives to help us unwind. Bad working habits play a large part in preventing sound sleep. These can slowly creep up on us until they reach a problematic level before we realise that something must be done to rectify the situation. Why are we surprised that we find it difficult to switch off when trying to sleep? This book contains positive strategies to solve these problems and break the negative cycle. The major systems of alternative medicine included in this book...

Reviews

This book is definitely worth acquiring. I have go through and so i am certain that i will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after i finished reading this publication in which actually altered me, change the way in my opinion.
