Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.To provide information about its plans beyond the coming year, the Department of Defense (DoD) gener-ally develops a five-year plan, called the Future Years Defense Program (FYDP), that is associated with the budget it submits to the Congress. Because decisions made in the near term can have consequences for the defense budget in the longer term, the Congressional Budget Office (CBO) regularly examines DoD s FYDP and projects its budgetary impact for roughly a decade beyond the period it covers. For this analysis, CBO used the FYDP that was provided to the Congress in April 2014; it spans fiscal years 2015 to 2019, and CBO s projections span the years 2015 to 2030. For fiscal year 2015, DoD requested appropriations totaling \$555 billion. Of that amount, \$496 billion is for the base budget and \$59 billion is for what are termed overseas contingency operations (OCO). The base bud-get covers programs that constitute the department s normal activities, such as the develop-ment and procure-ment of weapon systems and the day-to-day operations of the military and civilian workforce. Funding for OCO pays for U.S. involvement in the war in Afghani-stan and other nonroutine military activities elsewhere. The FYDP describes DoD s plans for its normal activities and therefore generally corresponds to the base budget. DoD s 2015 plans differ from its 2014 plans in important ways. For example, in an effort to reduce costs, the cur-rent FYDP includes sizable cuts in the number of military personnel, particularly in the Army. CBO produced two projections of the base-budget costs of DoD s plans as reflected in the FYDP and other long-term planning documents released by DoD. The CBO projection uses CBO...
