COMPUTER-BASED AUTOMATION

Book Condition: New. Publisher/Verlag: Springer, Berlin | It has been recognized that productivity improvement is an important issue of the 80's. It is regarded as the most efficient way to improve national economy and to enrich the quality of life. The key to productivity improvement is advanced automation, especially computer-integrated automation for engineering design and office operations as well as manufacturing processes. This is the theme of 1983 International Conference on Advanced Automation, ICAA-83. This book contains the articles...
