Pockets of civilization hold out -- great cities like Dacartha, Arn Muhr and Diodet -- pushing back the Maelstrom and the mayhem of a crazed, shifting world. Some forces welcome the disorder of the world and embrace the power of the Storm, and others accept it as inevitable. An Empire held it together once, long ago. Now all that remains are the machines and monuments left behind. The Maelstrom is a whole world, and it's also a great storm so strong it changes the shape of the world as it passes over. Adventures in the Maelstrom can be about almost anything, from swashbuckling and treasure hunting to travel and exploration. There are powerful mages and ancient ghosts, courts full of intrigue and ruins of a lost empire.
