The issue practically became exhausted within a few months. Owing to many duties, the second edition has been delayed for some time. The text for the new edition of the Dental Formulary has been completely rewritten; many important additions have been made, especially in regard to recent improvements concerning the preparation of investment compounds, impression waxes, and other materials used in the construction of metallic inlays. Some of the matter which has become obsolete has been discarded. A number of recipes has been modified according to present needs, and many tests have been carried out to verify the composition and construction of formulas. Only such formulas are presented which have shown...
