Brand New Book ***** Print on Demand *****.Excerpt from Parent-Teacher Associations Clubs and other organizations of individuals in the different parts of Wisconsin may receive the benefits of university guidance in their club programs and studies. women s clubs and similar organizations that plan seasonal programs will be interested in the outlines now available. These outlines differ from the usual outlines in two important particulars. They carry with them, first, the privilege of direction, guidance, and assistance by the professor or instructor who has outlined the work; and second, the opportunity of at least one, and in many cases a series, of lectures given by the same person. By this method of informal correspondence not only is valuable time saved, but the studies become much more effective and interesting. It establishes a close practical connection between any group of citizens in any part of the state, organized for serious purposes, and the state university. The cost of an outline with all privileges of guidance, assistance, and answers to questions is merely nominal. The cost of the lectures varies slightly with the individual lecturers. Parent-teacher organizations will be especially interested in two of these series of club study outlines. One is in the field of education and deals with the training of children and youth; the other is in the field of home economics and treats of household management, the preparation of foods, and the care of children in health and in disease. Correspondence relative to these directed study outlines is solicited. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
