

Twentieth-century Spies

By Neil Root

Summersdale Publishers, United Kingdom, 2011. Paperback. Book Condition: New. 194 x 128 mm. Language: English . Brand New Book. Political idealism? Financial reward? The thrill of the chase? What drives a person to risk their life by entering the deadly world of high-level espionage? A unique investigation of the most important cases of the twentieth century, this exploration of the world's most glamorous and dangerous job - including information newly released under the Freedom of Information Act - will keep you enthralled until the last page. Find out the dark secrets of: * Sidney Reilly, considered by many to be the greatest spy of the century and an inspiration for Ian Fleming's James Bond * The Atom Bomb spy Klaus Fuchs, who gave the Russians atomic capability * George Blake, who betrayed over forty British agents, and is still alive in Moscow * The Cambridge Spies, the double agents who did more damage to British intelligence in the twentieth century than any other group Neil Root's insightful book focuses on the personalities of these enigmatic figures, discusses their motivations and influences, and asks whether they were heroes, traitors or just scapegoats.

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
